NRMCA ANNUAL CONVENTION

NRMCA[®]
NATIONAL READY MIXED
CONCRETE ASSOCIATION

Featured Speakers
Anirban Basu, Eric Belsky, Governor John H. Sununu

Please join us for NRMCA's 2012 Annual Convention.

Dear Colleague:

Every Spring, industry leaders gather at the National Ready Mixed Concrete Association's Annual Convention to learn about trends and issues affecting the ready mixed concrete business. This year is no exception. We have put together a program to help you make sense of the volatile housing market, get insight into the state of the ready mixed concrete industry and examine the political landscape that will shape the industry in the year to come.

Anirban Basu, chief economist for Associated Builders and Contractors, will start us off with a look at the economic conditions affecting the construction industry at large. Eric Belsky, of Harvard University, will discuss housing market trends. And Governor John Sununu will share his unique perspective on today's political climate and how the 2012 election is shaping up. Also on tap is the emotional highlight of the year, the Annual Awards Breakfast, where we celebrate the achievements of individuals and members who are making a difference in the industry and their communities.

There is no better place to be than Savannah in Spring! The Southern charm and famous hospitality of this city is just waiting to be explored. Join us for networking, education and celebration at the 2012 NRMCA Annual Convention!

Sincerely,

A handwritten signature in black ink that reads "Robert A. Garbini". The signature is written in a cursive, flowing style.

Robert Garbini, P.E.
President, National Ready Mixed Concrete Association

We're going green with one mailing...

In an effort to make NRMCA meetings more green and sustainable, NRMCA has enacted initiatives to help reduce our carbon footprint, including a reduction in the printing and mailing of this brochure to once instead of twice. You will also no longer see plastic water bottles at any NRMCA meeting and we are attempting to work with hotels that promote green initiatives as well.

We hope you will join us in our "green" efforts by registering for this event online at www.nrmca.org.

Who should attend?

NRMCA's Annual Convention is the gathering place for ready mixed concrete, cement and other concrete segment personnel to exchange ideas, concepts and address challenges for the future.

Everyone engaged, at all levels of decision-making, in the ready mixed concrete industry should attend.

Network with industry colleagues from across the United States at your national Association's convention—the ready mixed concrete industry's national and international representative!

Upcoming Events

May 7-10, 2012, Seattle, WA

International Concrete Sustainability Conference

Join the National Ready Mixed Concrete Association and other sponsors for the 2012 Concrete Sustainability Conference. The seventh annual conference will provide the latest advances, technical knowledge, continuing research and solutions for sustainable concrete manufacturing and construction.

The International Concrete Sustainability Conference provides learning and networking opportunities on the latest advances, technical knowledge, continuing research, tools and solutions for sustainable concrete manufacturing and construction. Researchers, academics, students, engineers, architects, contractors, concrete producers, public works officials, material suppliers and concrete industry professionals are invited to attend, submit papers and give presentations.

Please also plan to participate in the RMC Research & Education Foundation's walk for sustainability as part of this meeting.

September 16-19, 2012, Washington, D.C.

ConcreteWorks and Board of Directors' Meeting

For the second year in a row, NRMCA's ConcreteWorks will be held in conjunction with the NRMCA Fall Board of Directors' meeting.

This event features multiple educational tracks and education sessions, compelling content in general sessions, breakouts, as well as vast networking opportunities, dynamic keynote presentations and a 20,000 square foot exhibit hall showcasing the latest technologies, products and services for the concrete industry.

And, you can't forget the ever popular National Mixer Driver Championship! More information on this event will be available in Spring 2012.

Anirban Basu

Chief Economist
Associated Builders and Contractors

Anirban Basu is Associated Builders and Contractors' (ABC) chief economist. His primary responsibility is to provide ABC members with timely, comprehensive analyses on important trends in the U.S. commercial and industrial construction industry. He produces ABC's *Construction Backlog Indicator* (CBI) which is based on a monthly survey of various ABC members and measures work to be performed by contractors to assess the health of the construction industry.

In addition, he produces the one-page, economic news report *Construction Economic Update*, with analysis of one or a combination of the following federal government economic indicators, including construction spending, employment, producer price index and gross domestic product. Basu also writes a monthly article for *Construction Executive* magazine.

Basu is chairman and CEO of Sage Policy Group, Inc., an economic and policy consulting firm in Baltimore, Maryland. He is one of the Mid-Atlantic region's most recognizable economists, in part because of his consulting work on behalf of numerous clients, including prominent developers, bankers, brokerage houses, energy suppliers and law firms.

Basu has a bachelor of science degree in foreign service from Georgetown University in Washington, D.C. He received a master of public policy degree from Harvard University's John F. Kennedy School of Government in 1992, and a master of arts degree in mathematical economics from the University of Maryland in 1998. Additionally, Basu received a juris doctor degree from the University of Maryland School of Law in 2003, and is a member of the Maryland bar.

Eric Belsky

Managing Director
Joint Center for Housing Studies, Harvard University

Eric Belsky is managing director of the Joint Center for Housing Studies of Harvard University and lecturer in urban planning and design at the Harvard Graduate School of Design. The Center is a collaborative venture of the Graduate School of Design and the John F. Kennedy School of Government. The Center conducts research on the nation's most critical housing and urban issues.

Prior to his Harvard appointments, Dr. Belsky led the Housing Finance and Credit Analysis Group at PriceWaterhouse-Coopers LLP. He has also held the positions of director of housing finance research at Fannie Mae, senior economist at the National Association of Home Builders, and assistant professor at the University of Massachusetts at Amherst.

Dr. Belsky currently serves on the editorial boards of the *Journal of Housing Research* and *Housing Policy Debate*, the Board of the Opportunity Finance Network, the Affordable Housing Advisory Council of Fannie Mae, and the National Advisory Council of CredAbility. In 2001 and 2002, Dr. Belsky also served as research director for the bipartisan Millennial Housing Commission established by the Congress of the United States.

Dr. Belsky has extensive experience conducting research on housing markets, housing finance and housing policy. He has published numerous articles in trade publications and academic journals. He has coedited four books: *Low-Income Homeownership: Examining the Unexamined Goal* (2002), *Building Assets, Building Credit: Creating Wealth in Low-Income Communities* (2005), *Revisiting Rental Housing* (2008) and *Borrowing to Live: Consumer and Mortgage Credit Revisited* (2008).

NRMCA Annual Members' Meeting

Monday, March 5

10:30 a.m. – 11:30 a.m.

At the NRMCA Annual Members' Meeting, normal business of the Association is transacted, including the election of new officers of the Association, as well as individuals to serve on the Board of Directors. Changes to the Association bylaws and other important issues to be decided or reviewed by the membership are also considered during this meeting.

Developing Industry Leaders Presentations

Monday, March 5

11:30 a.m. – 12:00 p.m.

The Developing Industry Leaders (DIL) Program was created in 2004 to provide an opportunity for middle managers from member companies to come together to challenge themselves to strategically address issues facing our industry.

This program differs from other Association programs in that participants form teams, each choosing a separate industry issue and then work together over several months through conference calls and face-to-face meetings (all with support from Association personnel) to develop recommendations for addressing their selected issues. This experience broadens participants' understanding of their industry while giving them the opportunity to work cooperatively on a team with other developing leaders across the country.

At this session, this year's DIL teams will present their research and findings to the membership. Join us as we find out more about their selected topics and the latest trends which are central to the advancement of our industry.

Lunch and Political Update

Governor John H. Sununu

12:00 p.m. – 1:30 p.m.

John H. Sununu

Governor

Dr. Sununu is a former governor of New Hampshire (1983-1989) and former White House chief of staff under President George H. W. Bush. He was the chairman of the New Hampshire Republican Party from 2009 to 2011. He earned a b.s., a master's degree, and a Ph.D. from MIT, all in mechanical engineering.

From 1968 until 1973, he was associate dean of the College of Engineering at Tufts University and associate professor of Mechanical Engineering. He served on the Advisory Board of the Technology and Policy Program at MIT from 1984 until 1989.
